ASSASSINATION RECORDS REVIEW BOARD

Freedom of Information Act Statement of Organizations, Functions, and Authority Delegations

AGENCY: Assassination Records Review Board.
ACTION: Notice.

SUMMARY: The Assassination Records Review Board (Review Board) is issuing the following notice in accordance with the affirmative disclosure provisions of the Freedom of Information Act (FOIA). The FOIA requires each Federal agency to publish in the Federal Register a statement of its organizations and functions.

This notice provides a brief history of the Review Board, describes the organization of the Review Board, and identifies the primary responsibilities of the Review Board.

FOR FURTHER INFORMATION CONTACT: T. Jeremy Gunn, Acting General Counsel, Assassination Records Review Board, 600 E Street, NW., 2nd Floor, Washington, DC. 20530.

SUPPLEMENTARY INFORMATION: Congress conceived of the Assassination Records Review Board (Review Board) as an independent Federal agency to oversee the identification and release of records related to the assassination of President John F. Kennedy. President Bush signed into law The President John F. Kennedy Assassination Records Collection Act of 1992, 44 U.S.C. 2107 (1992) (JFK Act) in October, 1992, and President Clinton appointed the five members of the Review Board. The Review Board members were sworn in on April 11, 1994, after confirmation by the Senate.

The JFK Act gives the Review Board the authority to identify, secure, and make available all records related to the assassination of President Kennedy. The Act provides that "[a]ll Government records concerning the assassination of President John F. Kennedy should carry a presumption of immediate disclosure." The Act mandates that all assassination records be housed in a single collection at the National Archives and Records Administration (NARA).

The Review Board oversees a larger process of agency record review and release established by the JFK Act. The Act requires all Federal agencies to identify records in their possession that may relate to the assassination and to determine whether such records may be disclosed immediately or whether the agency will ask the Review Board to postpone release of the information. The Review Board then evaluates all agency decisions to postpone the release of records. The Act allows the Review Board to sustain Federal agencies' requests for postponements only if the information at issue falls into defined categories, such as national security, intelligence gathering, and privacy, provided the agency provides the Review Board "clear and convincing evidence" of some harm that outweighs the public interest in disclosure. Once the Review Board completes its review of agency recommendations for postponement, all records, including those that have postponed release dates, will be transferred to the National Archives for inclusion in the John F. Kennedy Assassination Record Collection. The JFK Act requires that all
